Novelty and Innovation:

- ❖ Our School has been conducting mass plantation during “Van Mahotsav”, special assemblies on days of environmental importance such as “World Earth Day”, “World Water Day”, “World Ozone Day” etc. to inculcate responsibility, love and care towards nature.
- ❖ Our School has implemented a strict “No Plastic Policy” in the school premises and conducts cleanliness drives / Swacchata awareness campaigns in the community on different occasions.
- ❖ Our School provides clean drinking water through four RO Water Purifier stations installed in the school.
- ❖ For balanced diet and good nutrition of the budding children the School organizes different awareness programs during Poshan Maah and also suggests healthy ethnic breakfast on school days.
- ❖ Second Saturday of every month has been kept for Parents-Teachers Meeting(PTM) and one hour of every working day after students dispersal has been kept for Parents-Students-Staff day-to-day grievance redressal.

Infrastructural Development:

This year there has been an 8% hike in school fees after a gap of three years. For the integral development of the students, every public school must have State-of-the-art facilities. It is a matter of immense pleasure for us that a new building for our school has been sanctioned, which is under construction. After one year we will have a new building comprising 30 classrooms. This is the result of the generous support of our patron, BIM, RSP, SAIL, Tensa.

Our Vision:

Excellence in academics is the hall mark of a good institution. So our vision is to make our School one of the best schools of the region by providing quality education to our students through best in class academics facilities and churn out citizens who will be inspiring leaders with a humane touch.

We visualize to take this School to new heights with the generous and logistic support of our patrons and love of our parents.
